The objective substances to be reduced and prohibited delivery time are indicated in our supply list attached herein.

No.	Substance and its regulation	Objective use	Delivery prohibited
24	Cadmium and its compounds RoHS Directives	Pigment, stabilizer, paint, ink	
		Cadmium plating	
		Battery, electric contact	
		Photo emulsion	
		Others	
25	Chromium compounds (hexavalent) RoHS Directives	Chromate treatment of zinc plating	April 2005
		Chromic acid treatment of plating	
		Pigment, stabilizer, paint, ink	
		Polishing agent,	
		Leather tanning agent, Others	
26	Mercury and its compounds RoHS Directives	Pigment, paint, ink	
		Mercury relay	
		Thermometer (including clinical thermometer)	
		Catalyst	
		Pharmaceutical, analytical reagent Others	
27	Lead and its compounds RoHS Directives	Lead tube, lead board, secondary battery	
		Wire coating,	
		Solder	
		Rubber hardening agent	
		Stabilizer Others	
28	Polybrominated diphenylethers (PBDE) RoHS Directives	Fire retardant Others	
29	Polybrominated biphenyls (PBB) RoHS Directives	Fire retardant Others	
30	Radioactive substances (KITASHIBA regulation)	Fluorescent paint, luminous paint Others	
31	Organic tin compounds (KITASHIBA regulation) Class 2 specified substance defined by Chemical Examination Law	Pesticide	
		Reducing agent,	
		Catalyst, Vinyl chloride stabilizer	
		Others	
32	Azo compounds (those forming specified amines) (KITASHIBA regulation) German Standard (DIN 14362-2)	Resin	
		Paint, ink	
		Others	
33	Chlorinated paraffins (KITASHIBA regulation) EU Directives	Fire retardant	
		Plasticizer	
		Others	
34	Phthalates (Ester phthalates) (KITASHIBA regulation), EU regulation (under review)	Plasticizer	
		Others
